On May 22nd 2009 I had one of the most enjoyable and posh days of my life! I felt like a supermodel – even though I know it's clear that I'm not one!

The occasion was a photo shoot for the cover of my book: **DON'T PICTURE ME NAKED**. I decided that with a title like that I should be on the front and back cover! I purchased some very expensive shoes from Robert Weitzman – check out the photo!

And then I engaged Franciska Rauwenhoff as the photographer. Franciska is an ex-model and boy is she beautiful! Nothing like being photographed by a top model for your self confidence – not!

Fran's sister Jay Jay was the make up artist on the day – she's a well known make up artist and

participates in all sorts of top fashion shoots regularly – and boy did I look beautiful! My husband said he hadn't seen me looking so lovely in the twelve years we have been married! I thought you'd like to see some of the photos – it was a hoot!

Stay tuned for more details on the launch and release of the book!

Warmest wishes to you...Mx
